What are The Key Elements to Algebra Success?

- The combination of **lessons** and **staff development** has been designed to enhance student understanding of **essential** algebra concepts.
 - Staff Development is provided for each Key Element through a **three-day** workshop and follow-up support of the lessons.
 - Lessons are strategically **embedded** into the district's pacing.
 - Lessons are **designed** to be used with the adopted textbook.
 - Lessons make the **connections** between algebraic concepts and the skills necessary for higher level math.

Components of Success

- Staff Development
- Teacher Materials
 - Teacher Edition
 - Lessons
 - Quizzes
 - Review Activities
 - DVD: Demonstrating all Lessons
 - Classroom Manipulative Kit
 - Digital Version of the Teacher Edition and Student Book
 - Transparency Set
- Consumable Student Book

“The KEAS program (materials and professional development) provides a great support for our ninth grade Algebra 1 teachers. It has allowed us to truly bridge from Algebraic Thinking to Algebra 1 by building seamless connections to students’ prior knowledge and learning experiences.”
